DIRECTORS REPORT Given by Interim Director Rena Brower

Staff has been coming in during close down briefly. Pete is initiating new web site. Melissa is actively doing projects for the children. I have attended meetings for directors--and have sent some package deliveries to my home for the time being. Mail drop is open. Frank receives mail, bills, notices etc.
System closure at least until May 8th. Discussion was also made about the need of a new boiler...Alyssa--spoke about E4 regulator with a back up generator--suggested calling National Grid for more information. Lucille reported that quotes are needed. Amanda had 2 quotes. Murray 7,973.00 and Kries 9150.00. There is also a frozen pipe issue..New quotes are needed. Rena suggested not a short time fix........this issue will be tabled until all quotes are in and National Grid has responded.

We will table discussion of boiler until all information is in. Michael has looked into PPP and SBA. His discussion was pertinent to the new budget coming up and what we might look for from school and state.

FUNDRAISING

We have solicited business within the community. I propose we table until May meeting. There is suggestion for the basket raffle. with more baskets. Perhaps this could include the Friends and the Board.
